The Smartest Guy Joe Knows

(<https://apelbaum.files.wordpress.com/2020/11/the-smartest-guy-joe-knows-2.jpg>).

In 2015-2019, in true international man of mystery style, Hunter Biden was utilizing various tradecraft techniques to evade tracking and detection. This included the use of pre-paid burner phones and non traceable payment methods. The stashes of cash and pre-paid gift cards were used for a variety of illegal transactions such as the purchase of hard drugs and payments for prostitutes, strippers, and on-line sex services.

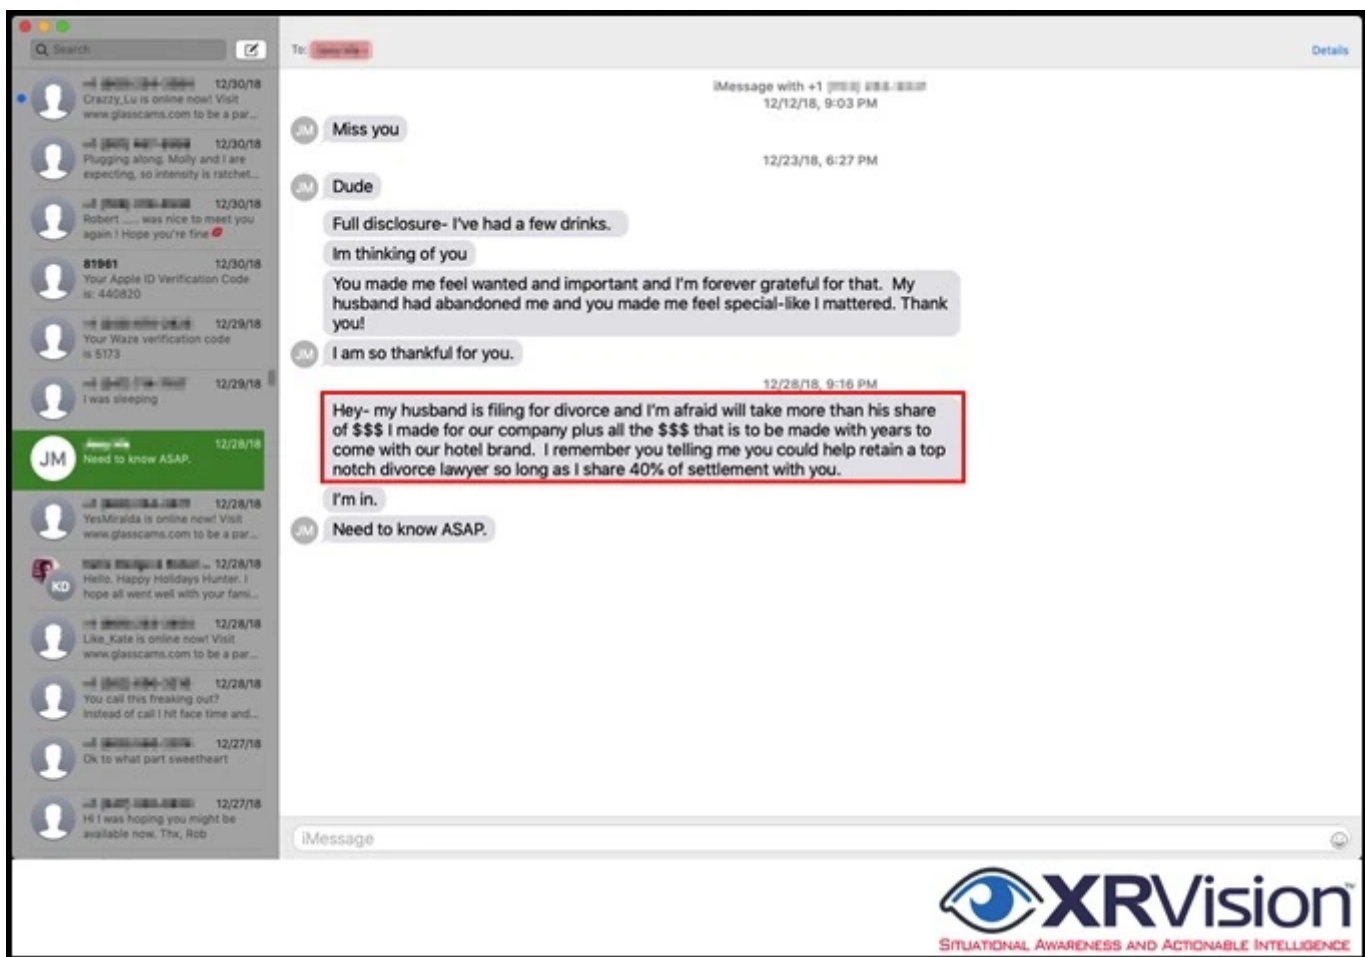

To those who still believe that Hunter is just an average guy who fell on some hard times and his father wasn't aware of it and didn't enable his behavior, think again. The facts are that his family knew and some even partook in his vices and questionable business dealings. Beside engaging in a perpetual roller coaster ride of crime and debauchery, Hunter regularly hooked-up with various dubious foreign characters, both in the US and overseas. In one instance, a 'close' female friends turned out to be a Palestinian living in the US on a green card with ties to the Palestinian Erekat terror clan (<https://4il.org.il/1813/>).

Image 1: “OK, Babe, I come see you tonight”. The profile of Sana Faham, Hunter Biden’s hardworking real estate agent

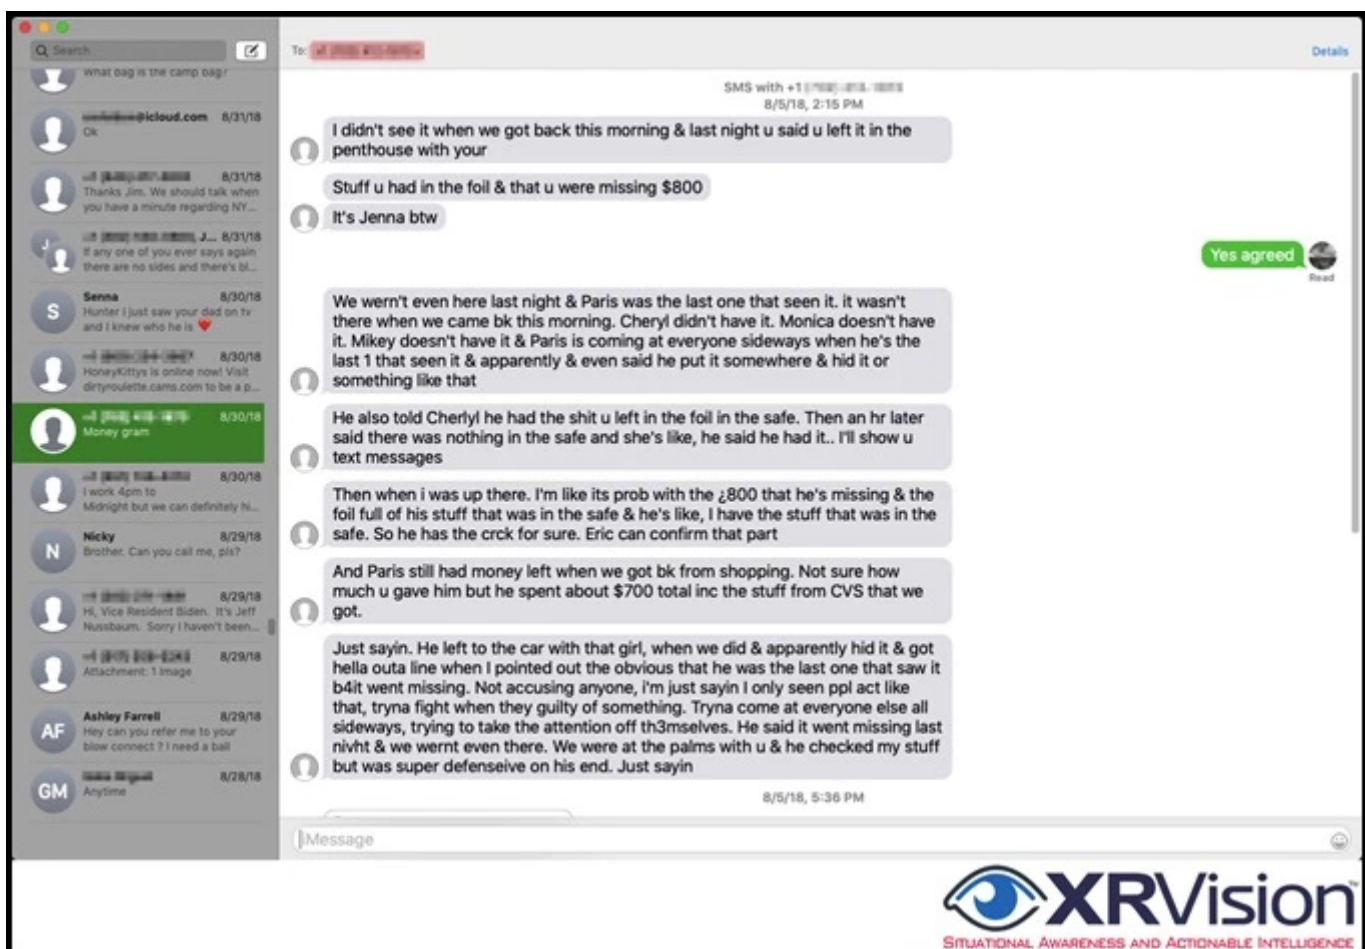

In another case, he hooked-up with a married woman. According to the women, Hunter made her feel “wanted and important”. But he also convinced her to give him 40% of her future divorce settlement in exchange for helping her find a high power divorce lawyer. Yes, if you didn’t already know, Hunter is a practicing attorney and a member of the bar.

<https://apelbaum.files.wordpress.com/2020/11/ill-take-40-percent-of-your-settlement.jpg>

Image 2: The Biden influence racket in action. How to get 40% of someone’s legal settlement without doing any legal work. A lady friend in desperate need writes Hunter “I remember you telling me you could help retain a top notch divorce lawyer so long as I share 40% of settlement with you.”

If the Biden family vice infestation wasn’t so destructive it could have been made into a comic TV series. On at least one occasion, during his travels and stays in high-end hotels, Hunter ‘misplaced’ a large amounts of drugs and cash which resulted in frantic searches and finger pointing within his entourage.

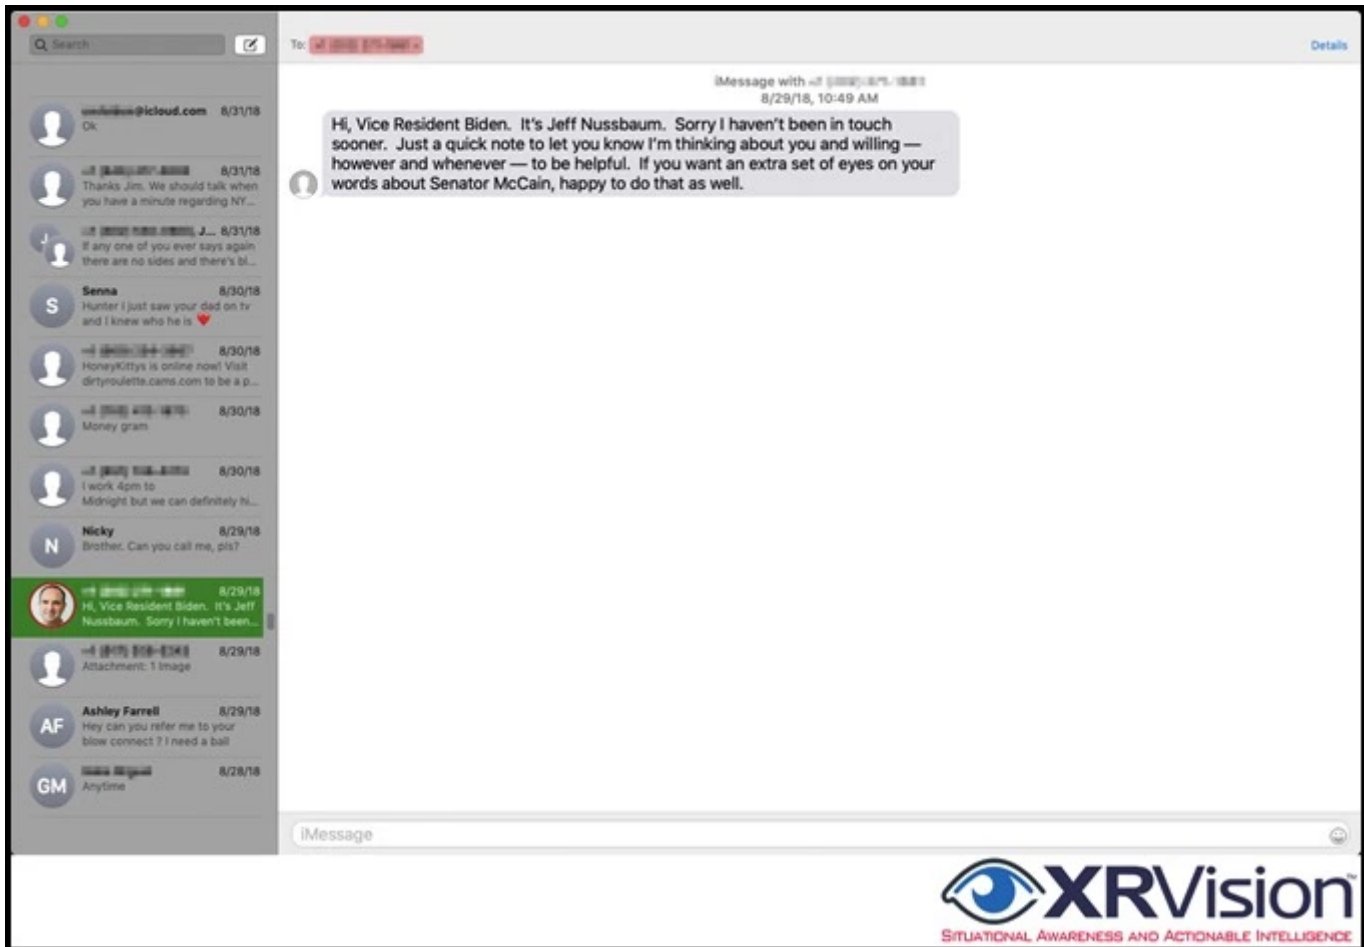

Image 3: Help! Hunter’s stash of cocaine and cash have gone missing

Regarding the claim of a firewall between Joe Biden and Hunter’s activities. This is fiction, it simply didn’t exist. The evidence shows direct Biden family communications between him, his father, his mother (AKA Nana), his uncle Jim, his aunt Sara, his sister in law Liz, and others. Of note is that Hunter

was using Joe Biden’s cell phone and was receiving calls and messages directed to his father. It’s unclear why Joe Biden agreed to the arrangement, perhaps he incorrectly assumed that the device was secure from his days at the White House.

Some of the activity on that phone included:

1. Conversations regarding the sourcing of drugs: blow, crack, Xanax, and weed
2. Receiving text and calls addressed to “Vice President Biden”

When not under the table wagging his tale and begging for patronage and some political table scraps, Nausbaum reports for The Washington Post, Politico, The Atlantic, The Daily Beast, Washington Monthly, Time.com, Salon.com, and The Huffington Post

(<https://apelbaum.files.wordpress.com/2020/11/fgis.jpg>)

Image 5: Some of the communications sent to Joe Biden's phone used by Hunter from Luis Freeh's FGIS executives. Louis Freeh, is the former director of the FBI. He sits on the board (<https://www.beaubidenfoundation.org/our-board/>) of the Beau Biden Foundation (<https://www.beaubidenfoundation.org/our-mission/>).

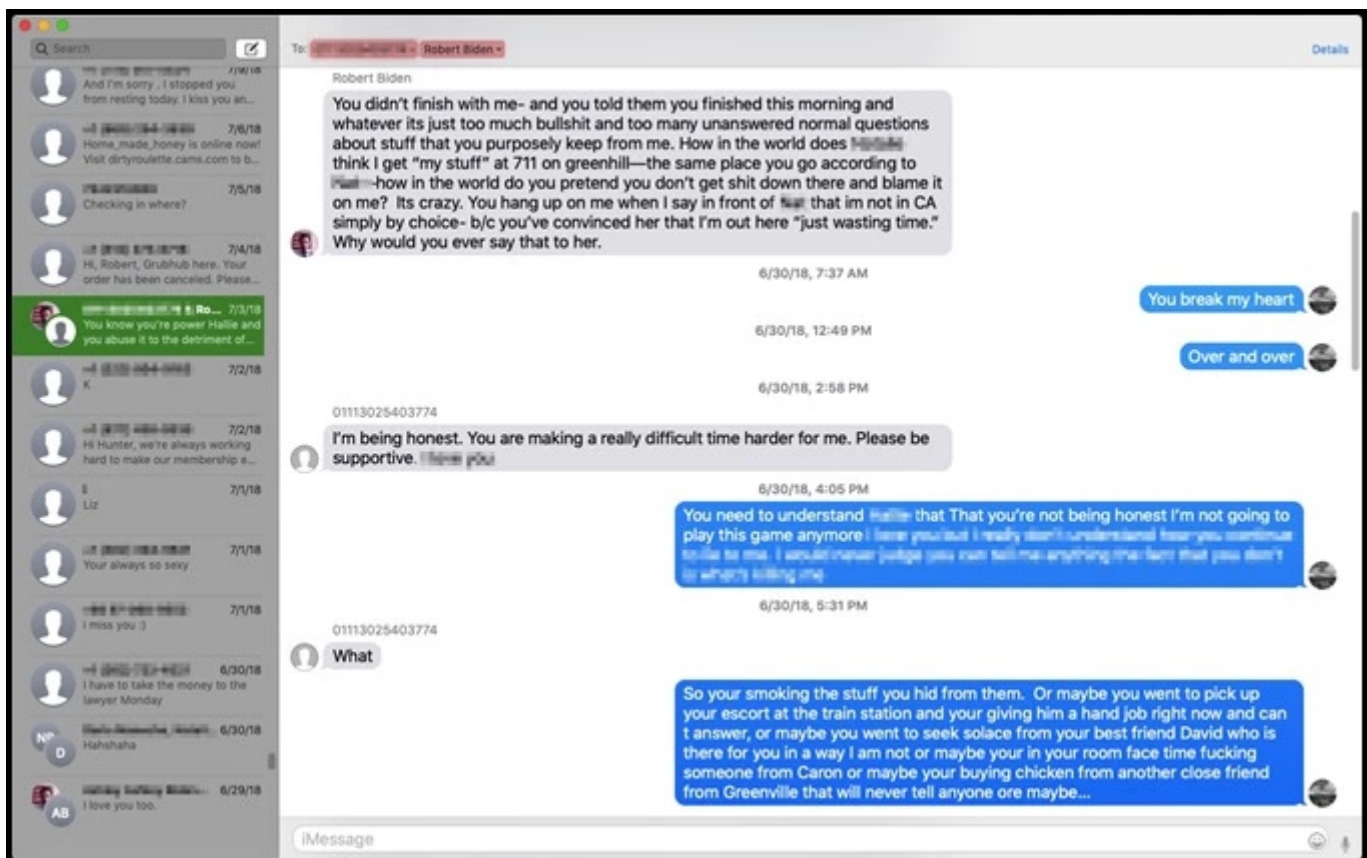

A disturbing insight into the Biden family psyche is how unsupportive, Joe Biden and Jim Biden appear to be towards their own children. In several instances, his father and his uncle distanced themselves in order not to tarnish their reputation.

(<https://apelbaum.files.wordpress.com/2020/11/didnt-get-my-probation.jpg>)

Image 6: A sample of the Biden’s never ending run-ins with the law. One family member’s probation was denied due to repeated offenses...but later magically approved.

Other events relating to potential child abuse (<https://apelbaum.wordpress.com/2020/10/27/absolute-power-corrupts-absolutely/>), neglect, and negligence can also be found in direct communications between adult family members who discuss their drug and sex habits and confirm that the children are abandoned and are exposed to an unsafe home environment.

Beyond the issues of Hunter’s inappropriate business dealing with Ukraine and China, there are some incidents of what could potentially be involvement in trafficking (<https://apelbaum.wordpress.com/2020/10/30/how-to-solicit-with-a-mouse-click/>) activity. In one interaction with a Ukrainian women named Vicky, Hunter was working out the logistics of bringing her

into the US. The purpose of her relocation was to 'work'. The woman exhibits poor English and doesn't have marketable professional skills. Hunter indicated that he was willing to help her finance the purchase of an apartment for her mother in Ukraine and pay for her move to the US. Obviously, an extremely generous offer, but what is not so obvious is what was Hunter getting out of this investment and if/how/why the State Department processed Vicky's US work visa.

(<https://apelbaum.files.wordpress.com/2020/11/i-will-buy-your-mom-an-apparment.jpg>)

Image 8: Trafficking 101? Hunter working on bringing a Ukrainian national to work in the US

From various communications it's clear that several member of the Biden family had serious criminal (<https://apelbaum.wordpress.com/2020/10/30/how-to-solicit-with-a-mouse-click/>), drug, sex addiction (<https://apelbaum.wordpress.com/2020/10/29/hunter-bidens-pornhub-page/>), and potential child abuse (<https://apelbaum.wordpress.com/2020/10/27/absolute-power-corrupts-absolutely/>) issues. What puzzles me though, is how media outlets like NYT, WaPo, and CNN are able to shield the Biden's from any legal and public scrutiny. This is quite an achievement for a industry that cries day and night about infringement on the freedom of the press, when in reality, all they do is exercise the freedom to subvert and suppress the truth.

In this regard, Fox is even worse than CNN, WaPo, and NYT. Notwithstanding Tucker Carlson's fairytale (<https://www.dailymail.co.uk/news/article-8895673/Tucker-Carlson-reveals-lost-Hunter-Biden-docs-FLOOR-UPS-store.html>) about the lost USB flash drive (<https://apelbaum.files.wordpress.com/2021/01/tucker-carlson.jpg>), his refusal to publish the evidence about Hunter's potential child/sex abuse and Joe's complacency in these and other matters amounts to dereliction of a reporters duty (<https://www.spj.org/ethicscode.asp>) and even complicity in a crime.

Carlson who promotes himself as the champion of morality in politics, has miserably failed his own morality test. Instead of fighting to expose the damning evidence, his cowardly excuse for suppressing it was that he knew Hunter and his ex-wife (they had been neighbors) and that he couldn't bring himself to kick a man who was down. This certainly sounds benevolent, but in reality, his failure to go public had likely more to do with collecting the proverbial 30 silver coins than biblical loving-kindness.

Fox News is part of the Elite, and perhaps Tucker is also. They are leading us off the cliff and the CCP will own us if Biden is determined to be our President. Hunter is a little Joe Biden. Joe is part of the Corrupt Elite, and Elitism is necessary to impose Marxism on people.

Vic Biorseth says it much better than I ever could in his article. Here is an excerpt about the rights of the immoral to be immoral. This is the progressive Democrat Party.

“Once upon a time everyone knew what a drunk was. But then, slowly, everyone was schmoozed into believing that drunkenness was a disease, which you could “catch”. You didn’t have to do anything to catch it; it was just in the air; some people caught it, and some people didn’t. And so everyone became sympathetic and empathetic toward the drunk, believing it wasn’t his fault that he was a drunk.

The same thing happened regarding dope, and addicts.

The same thing happened with sexual licentiousness, and then even with sexual perversions of all sorts.

“progress”, they called it. Now, we knew more than we used to know....

It wasn’t their fault; we were all called to empathize; it was our new responsibility to make them feel better about themselves, and it was our responsibility to not ostracize or criticize them in any way, lest they feel bad.

These became recognized rights; rights of the immoral, to be immoral. “

Thank you for your comment zadatn.

In referacne to the over credentialed and all knowing elite class:

Then the LORD answered Job out of the whirlwind, and said:

Who is this that offers counsel by words without knowledge?

Stand up like a man; for I will demand of you that you answer Me.

Where were you when I laid the foundations of the universe? Speak-up, if you have the answers.

Who determined the physics of it, or who surveyed it?

... 'You will come this far, but no further; and here shall your proud waves crash'

Vicky was living in Donetsk. Yoichi makes some serious allegations about Hunter in that area. I just read his article today and remembered the text exchange in your article.

Just wondering, since you know a lot about the Biden Crime Family, whether there's any connection between them (Hunter?) and the Chinese company that has been reported to have an ownership stake in Dominion voting systems. If there were, that might make clear who is really behind the stolen election. . .

Sorry, L.E, I haven't looked at that linkage. But I wouldn't be surprised. The Chinese have been investing in every strategic technology they can get their hands on, so, election technology would be a top priority for them.
